

DUPONT™

**Performance Lubricants
For Home, Auto, Marine
& Industrial Applications**

Product Line Manual

“ DuPont™ lubricants are formulated with Non-Stick Ceramic Technology ”

Why Use DuPont™ Lubricants?

- ▶ DuPont™ Lubricants are highly engineered to perform consistently under the most demanding conditions.
- ▶ They deliver exceptional value for money.
- ▶ All lubricants are formulated with Non-Stick Ceramic Technology.
- ▶ Formulated with the highest quality additives to maximize longevity, anti-corrosion properties, extreme temperature stability and water resistance.
- ▶ Products are fully vetted using strict Safety, Health and Environment principles.

What is Non-Stick Ceramic Technology?

Non-stick ceramic technology is the next generation for high performance fluoro-free boundary lubrication. Nano-ceramic boron nitride particles embed themselves in the asperities of frictional surfaces to reduce friction in extreme conditions

Why is Non-Stick Ceramic Technology so important?

- ▶ Extends lubricant life
- ▶ Provides enhanced lubricity or “slipperiness”
- ▶ It increases the operating temperature range
- ▶ Improves water resistance
- ▶ Enhances chemical resistance

Multi-Use

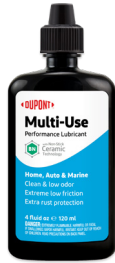

Versatile and long lasting, superior lubricant

Features

- ▶ Ideal for household/ worksite
- ▶ Long-lasting performance
- ▶ Long-term rust protection
- ▶ Releases sticking parts
- ▶ Withstands high pressure
- ▶ Reduces friction
- ▶ O-Ring safe
- ▶ Silicone free

Common Applications

- ▶ Garage doors
- ▶ Hinges
- ▶ Locks & latches
- ▶ Metal windows
- ▶ Sliding doors & gates
- ▶ Chains & cables
- ▶ Threaded parts
- ▶ Hand tools
- ▶ Power equipment
- ▶ Wood surfaces
- ▶ Fitness equipment
- ▶ Motorbikes
- ▶ Bicycles
- ▶ Vehicles

Silicone

Surface safe lubricant

Features

- ▶ Safe for rubber, plastic, metal & wood
- ▶ Protects & lubricates
- ▶ Eliminates mechanical squeaking
- ▶ Stops sticking and binding
- ▶ Repels water
- ▶ Prevents rust & corrosion

Common Applications

- ▶ Mechanical equipment
- ▶ Door hinges
- ▶ Locks
- ▶ Window tracks
- ▶ Fitness equipment
- ▶ Lawn & garden tools
- ▶ RV Slide-outs
- ▶ Snow blowers

“ Silicone operates from
392°F / -40°F / 200°C / -40°C ”

Non-Stick

Advanced, dry to the touch lubricant

Features

- ▶ Dry, clean oil-free lubricant
- ▶ Repels dust, grit & grime
- ▶ Protects metal, plastic, rubber
- ▶ Works in extreme conditions
- ▶ Reduces sliding friction
- ▶ Bonds to all surfaces
- ▶ Extreme pressure durability
- ▶ Professional grade

Common Applications

- ▶ Chains, gears, cables & bearings
- ▶ Valves, shafts, tracks, slides
- ▶ Hinges, locks, fasteners, cutting blades
- ▶ Sliding surfaces & bulb threads
- ▶ Gaskets, seals, rollers & sleeves
- ▶ Plastic gears, ropes & drive belts
- ▶ Mold release & precision equipment

“ Dry-Film lubricant operates from 480°F / -100°F 249°C / -73°C ”

Release-It

Releases rusted and seized parts

Features

- ▶ Breaks rust & loosens parts
- ▶ Stops squeaking & binding
- ▶ Long-term corrosion control
- ▶ Low odor for indoor use
- ▶ Provides lubrication
- ▶ High temperature stability

Common Applications

- ▶ Bolts / Nuts
- ▶ Pipe threads / Valves
- ▶ Seized mechanisms
- ▶ Garage doors
- ▶ Bulb threads
- ▶ Marine & auto parts
- ▶ Garden tools
- ▶ Machinery
- ▶ Hinges / Locks
- ▶ Chains / Cables
- ▶ Sports equipment

Pro Grease

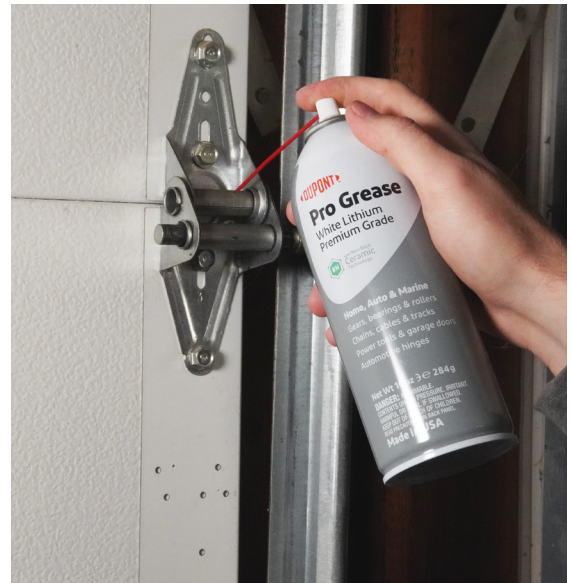

Maximum water resistance

Features

- ▶ Enhanced with Ceramic Technology for lower friction
- ▶ Provides maximum water resistance
- ▶ Will not run, wash off, freeze or break
- ▶ Withstands high speeds, extreme heat & heavy loads
- ▶ Heavy duty & long-lasting
- ▶ Prevents rusting & chemical corrosion

Common Applications

- ▶ Gears, bearings & rollers
- ▶ Chains, cables & tracks
- ▶ Powertools
- ▶ Garage doors
- ▶ Automotive hinges
- ▶ Battery posts
- ▶ Hood latches & axles

DuPont™ Pro Grease 10oz - Aerosol

MSRP: \$6.99 | Code: D10100101 | Pack Size: 6

DuPont™ Pro Grease 5-Gallon - Pail

Code: G10500101 | Pack Size: 1

Silicone Grease

Engineered for auto mechanics
Six essential applications

Features

- ▶ High-energy dielectric grease seals out moisture
- ▶ Compatible for use on and between rubber, plastic, metal.
- ▶ Prevents oxidation of plastic parts

6 Common Applications

- ▶ Batteries
- ▶ Bulbs
- ▶ Brakes
- ▶ Rubber Hoses
- ▶ Spark Plugs
- ▶ Electrical Connections

“ Use wherever a premium grease is specified ”

DuPont™ Silicone Grease 3oz - Tube
MSRP: \$6.99 | Code: DSC030101 | Pack Size: 6

Degreaser

Chains, Gears, & Industrial Parts

Features

- ▶ Fast-acting and low odor
- ▶ 100% biodegradable & 100% active ingredients
- ▶ Safe for sealed chains & O, X, and Z rings
- ▶ Quickly dissolved grease and grime
- ▶ No water rinsing required: simply spray & wipe

Common Applications

- ▶ Industrial chains & machinery
- ▶ Motorcycles
- ▶ Tractors
- ▶ ATV's
- ▶ Farm machinery
- ▶ Dirt bikes & bicycles

“ Melts away grease and grime with ease ”

DuPont™ Degreaser 11oz - Aerosol
MSRP: \$6.99 | Code: M00110101 | Pack Size: 6

DUPONT

“ Chain-Saver operates from
480°F / -100°F / 249°C / -73°C ”

Chain-Saver

Sheds dirt to
increase chain life

Features

- ▶ Increases chain life
- ▶ Will not fling off chain
- ▶ O-Ring safe
- ▶ Clean and oil free
- ▶ Repels abrasive contaminants
- ▶ Patented self-cleaning technology
- ▶ Sets up with a dry wax film
- ▶ Withstands high RPM

“ The use of
Ceramic
Technology and
molybdenum
provide boundary
protection in
high pressure
applications ”

Common Applications
